Will Move to Oklahoma.

Prof. W. R. Eubank, of this county, has accepted the Superintendency of the public schools at Edmond, Oklahoma, and will enter upon his duties Sept. 1st. Edmonds is a thriving city of over three thousand people. The school enrollment is over eight hundred and Supt. Eubank will have under him a Principal and eight teachers. For the past three years he has been in charge of the Midway Graded School.—Winchester Democrat.

Prof. Eubank was formerly principal of the Clay City Graduated School.

John Stewart and two daughters, of Centralia, Mo., are visiting relatives in this native country of Powell. Mr. Stewart left Powell twenty-four years ago. He has the distinction of being the workman that made the door and window shutters in the old Powell county court house more than half a century ago. Mr. Stewart married a Miss Eckley, who then lived where Mrs. W. A. Hoskin now lives. All members of both families went from here to Missouri from twenty-five to thirty years ago.

Grand Jury Report.

Powell Circuit Court, June term, 25 day June, 1906.

Report of grand jury.

To the Honorable Judge of the Powell Circuit Court:

We the grand jury of Powell County for the June term, 1906 of the above styled court, would respectfully report:

That we have been in session for seven days and have thoroughly investigated all offenses charged to have been committed within said county of which we had knowledge or have received information and have reported indictments in all cases when we deemed the evidence sufficient to authorize such action.

We have examined the public offices and public buildings and jail of said county, we find the offices and jail in good condition. The court house is somewhat out of repair but we have received information that the plans are on foot by the County Judge under directions of the Fiscal Court brought about by reason of the last grand jury report to have such repairs made as was then recommended.

The fifth day of our session was almost entirely consumed by a thorough and complete examination of the records of the county and Fiscal court and financial affairs of the county under the supervision and in the presence of the Commonwealth's Attorney, Hon. B. A. Crutcher, and we have found nothing to indicate any malfeasance or misfeasance in office of any county official, or anything of a criminal nature, though we found a few allowances of the Fiscal Court which may have probably been injudiciously allowed, and we recommend that the conclusion of the Sheriff's settlement for collection of county revenue for the year 1905 show the amount of road and bridge funds collected and for what expended for said year.

We have found nothing of a corrupt nature in the action of the Fiscal Court or any of the county officials, all of which we respectfully submit,

Eugene French.

New Church.

The Christian Church is finishing a nice house of worship at Marble yard near Union Hall. A good house of worship has been needed in that section for a long time, and according to the terms of its construction all christians denomination can use it for worship. Every one can well afford to aid these good people who have taken hold of the matter.

WHITT-BLAIR.

Addison Taulbee Whitt, the efficient and popular cashier of the Clay City National Bank and Miss Pearl Alice Blair, the winsome and accomplished daughter of Dr. A. L. Blair, of Morehead, sprung a surprise on their many friends Sunday evening in the way of a wedding. While the attachment existing between the popular young couple was well understood by their friends, the date of their marriage was supposed to be at some date in the early fall. Miss Blair came over some ten days ago to visit Mrs. E. B. McGlone and when the hour for her return home drew near cupid demanded his rights and two willing hearts obeyed.

Marriage license were procured and in the presence of a few friends, Rev. R. A. Irvin performed the ceremony. Despite hasty preparations the bride and groom were most tastefully attired—the bride in white silk with pearls and the groom in the conventional black.

Kentucky the Best.

A tornado swept all over Oklahoma and Indian Territory one day this week doing great damage to buildings, crops and live stock. A drouth in southern Texas has killed the corn crops, while cattle are dying from lack of water. Such experiences are sad. Fortunate indeed may the old Powell county Kentuckians feel for their existence in a favored land and clime, where tornadoes are a stranger and crop failures are unknown; where peace and plenty lay in store for every honest and industrious tiller of the soil, and we have room and ample resources to provide means for the sustenance of thousands of more honest souls of the English speaking Caucasians in the same bountiful manner that we now provide for what we already have among us.

All such people are most cordially invited to come take up their abode with us. We are not stingy with this favored land of ours, because we have plenty of everything conducive to a good living, money making and good health. This is especially the place for the man of moderate means to grow fat and independent and live undoubtedly with some of the best people in the world.

It's a consolation—warm weather makes corn grow.

In this issue the Clay City National Bank has one of their best statements, but it seems that the business is growing from time to time and each statement seems to surpass the former ones. Cashier Whitt is a banker of superior ability and is adding daily new business to this solid old institution.

Sweeping Reduction in Railroad Rates

Sweeping reductions in freight rates charged by the six larger railroads now doing business in Kentucky has been ordered by the State Railroad Commission in an extensive opinion handed down at Frankfort. The opinion sustains the charge that the present rates are unjust, unfair and discriminate against certain portions of the State. A scale is fixed, gauged on the rates charged by the C. N. O. T. P. railroad, and all other roads must conform to this. The railroads have indicated that they may accept the reduction without a fight in the courts.

OUR BIG CLUBBING OFFER.

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the TIMES and Southern Agriculturist a whole year to any new or old subscriber who pays us 60c.

This great semi-monthly farm paper goes twice every month into 50,000 southern homes, and the regular price is 50 cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies at this office.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ANNOUNCEMENTS.

We are authorized to announce A. F. BYRD, of Clark county as a candidate for Congress from the Tenth Congressional district, subject to the action of the Democratic party.

President Roosevelt has made the election of Bryan probable by educating the country to see the correctness of Mr. Bryan's position. Both of these men have rendered great service to their country. Without Bryan the country would never have been awakened to its evils and without Roosevelt there would have never been no remedial legislation. Mr. Roosevelt by his speeches has educated several millions of Republicans against the Insurance Trust, the Standard Oil Trust, the Railroad Trust, and the Beef Trust and these same Republicans all see now where Mr. Bryan was right and in 1908 many of them will vote for him to carry out the reforms that Roosevelt has dragged his unwilling party to begin.—Ex.

The action of the grand jury in its recent session forcefully exonerates the Fiscal Court of Powell and every county official in the county, and vindicates them of the charges which prompted the investigation. No corruption or graft could be found by the grand jury after a day's diligent search. Being acquainted as we are with each of the county officers, we were confident of the exoneration.

Read the concluding report of the grand jury on the first page of this week's issue.

Gov. J. C. W. Beckham has formally announced for the United States Senate to succeed Senator McCreary. Mr. McCreary has made a good senator as Beckham has made Governor and we see no need for a change. McCreary is all right and as the matter will be settled by primary this fall we believe that Mr. McCreary will be retained in his seat by a handsome vote. He evidently stands all right in Powell and will carry the county by large majority.

Every Democrat in the United States seems to be for Bryan for President in 1908. The old party has learned that "United we Stand Divided we Fall," and have come together, and together on a man that is true to the people and honest in his convictions.

It takes the same qualities and the application of the same principles to build up a town that it does to build up a private business. Say that the stockholders in some Clay City enterprise should each conclude to let the other fellow shoulder all the responsibility, neglect the business and let it run any old way. How long would such an

enterprise continue to prosper? The same rule applies to a municipality. The different citizens of Clay City are stockholders in the town. They pay the municipal expenses in the way of taxes and they receive dividends in the way of public improvements and service. Each citizen therefore has a responsibility, the same as a stockholder in a private business concern. His responsibility extends further than paying taxes for it is a duty he owes himself, his family and the entire community to exert his influence and his efforts toward the industrial, moral and educational upbuilding of the town.

Several new automobile lines will be established in Central Kentucky this summer. The cost is less than an interurban road and the service is satisfactory.

BEAUTIFY YOUR HOME With Kinloch PAINT

Important Memorandum—The power of the paint depends on quality. A paint done by a good painter with the best quality of paint, costing say \$50.00 for a gallon, will last five years. The paint done by a bad painter, costing say \$20.00 for a gallon, will last only one year. Then the "per-year-expense" of the good painter is \$10.00, while the bad painter is \$20.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's saving, not an expense. But when you paint—buy only

Kinloch
House Paint

There's one indisputable reason why, a reason every honest painter will acknowledge... "The Oil is the Life of Paint" and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint cans. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Sues to Recover Insurance.

Kinney Bradley deceased left a life policy amounting to \$1,000 in favor of his brother, Louie Bradley, but the company refused to pay it on the grounds that Kinney was in unhealthful condition. Just so and most of us are before we die. Mr. Bradley brought suit to recover the amount of policy paid for. The case went to court and the jury trying the case hung. This seems funny to us that there is a law allowing persons to receive pay for a thing and then when the time comes refuse to deliver the goods.

DRAGGING

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI

Woman's Relief

that marvelous, curative extract, or natural essence, of herbs, which exerts such a wonderful strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the muscles to pull the womb up into place.

It is a safe and permanent cure for all female complaints.
